Aurora is an experienced professional in Investment, Marketing, Strategy and Management. She founded Crypto Capital, a leading digital asset fund in 2016, and successfully invested and advised numerous start-ups in China and overseas. Her previous working experience includes the World Bank, Merrill Lynch, and the Boston Consulting Group. Aurora holds a Master's degree from Columbia University.

Aurora Wong

Cryptocurrency is an important part of the future economy

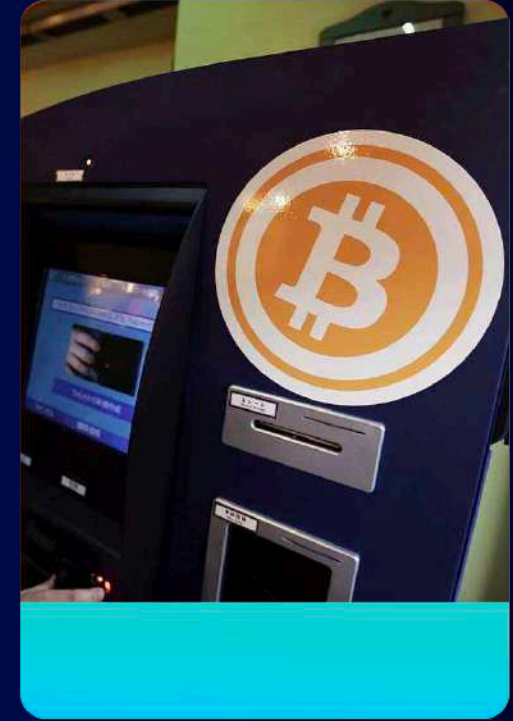

ZB.com is an industry leading digital asset trading platform

Bitcoin's price jumped 30% overnight and ZB.com's 24-hour trading volume jumped 356%

The existing monetary system evolves towards digital currency

Fintech and mobile payments provide the technical basis for digital currency

Digital economy has become a new growth engine worldwide

Central Banks face challenges in the explosion of private digital currencies

The big Central Banks will maintain their existing roles and functions

Big Central Banks will not change the existing financial architecture in the short term, but will accelerate the process of legal digital currency

Central Banks and currencies of small and medium-sized countries will face the threat of digital currency penetration

Thank You !
